REPORT OF THE LIBRARY TRUSTEES

1979

The Trustees wish to report a successful year for the public libraries. As partial evidence, the circulation figures at the Bridge Memorial Library show an increase from 17,255 in 1978 to 18,721 in 1979. The North Walpole library shows an increase from 3,046 in 1978 to 3,482 in 1979. These figures; of course, do not indicate the extensive use of the library for research, homework, browsing and the use of magazines in the library. To enhance the library as a place for leisure reading the Trustees have introduced newspapers. The daily Boston Globe, the weekly New Hampshire Times and the Sunday New York Times are now available.

We continue to add new volumes, though we are faced with the increasing problems of inflation. In 1979, for example, it cost about \$250 more to purchase about 200 fewer books than were purchased in 1977. The cost of magazines has also shot up. The McNaughton rental plan which we used last year for the first time is one way to keep book purchase expenses down. These books, selected by our librarian, circulate at a cost well below purchase price. In addition we continue to use the Bookmobile extensively.

The new chairs have been purchased for the Reference Room. These sturdy library chairs replace the chairs which were constantly coming apart.

Maintenance of the building is an important concern. Installation of a fire alarm system was the largest project. We have also added a storm door which, with previous insulating and tightening up, will help keep heating costs down. Next year we intend to repair the stone steps.

The Trustees spent some time reviewing and revising the "Policies of Government" for the library. We have raised the non-resident fee for use of the library to \$5.00 while exempting non-resident teachers in the Walpole schools. The library hours have been changed at the North Walpole Library in the hope that the new hours will be easier to remember and meet needs better. It will now be open from 2:00 to 4:00 P.M. on Tuesday, Wednesday and Saturday.

The Trustees would again like to acknowledge with gratitude the many activities of the Friends of the Library. The winter season story hour, the summer reading program (33 children read well over 500 books), the

puppet shows and Christmas party, the Great Books discussion groups, the crewel and embroidery classes, and the donation of money for the purchase of children's books, among other things, have added greatly to the library's services.

Respectfully submitted,

George R. Reynolds

WALPOLE CONSERVATION COMMISSION

1979

The large picnic shelter in the northbound rest area on Route 12 was completed in early summer. A large, sturdy, 12-foot table with seats was built in place. Two steel charcoal grills were set in concrete bases in this rest area and one in the rest area on the west side for southbound users.

The State Department of Highways gave us excellent cooperation restoring the pavement, building suitable curbs, and laying the paved walkways. The Walpole highway crew under the leadership of Robert Smith located the large granite boulders, brought them over and put them in place, and had the bronze plaques fastened to the boulders, now giving suitable recognition in both areas to Fanny Mason for her splendid gift to the town of Walpole of this 267 acres of lovely forest land. These rest areas are pleasant picnic spots both for passing travelers and gasoline conserving local families.

We have continued our work with the hypovirulent strain of chestnut blight fungus we secured from Dr. James of the Connecticut Agricultural Experiment Station in New Haven, Connecticut. Possibly within the next year there will be more evidence from which we can determine whether or not this is effective in saving our native chestnuts. The material for treating chestnut trees will be available again this season and can at certain times be supplied to anyone interested in treating chestnuts which may have come up from old roots.

With the cooperation of the Selectmen we now have a parking lot beside the highway at the Mill Pond. The Swimming Committee is studying the practicability of diverting water from Blanchard's Brook in sufficient volume to provide a clean, fresh-water swimming facility in this location.

We greatly miss the help and association of Walter Blake who died July 11th. He was deeply interested in all of the Commission's programs and a dedicated worker. We speak of the second bridge on the Bellows-Knapp Trail up through the Ravine as the Walter Blake Bridge as he did much of the work in bringing in the material and building this bridge.

The Bellows-Knapp Trail from School Street up through the Ravine and out the Old Meeting House Hill Road to the Fred H. Hooper Hall or a walk up to the Pinnacle off March Hill Road or the Reservoir Road past the

Hooper Woodland and the Old Water Company pine lot or the trails through the Fanny Mason Forest are all most splendid areas for birdwatchers, photographers, nature walkers and hikers or cross country skiers.

REPORT OF THE WALPOLE PLANNING BOARD

The Walpole Planning Board is composed of six elected members who serve without compensation plus one selectman. Walter Campbell and G. Allen Holmes were re-elected to another term. James Hogan continued to represent the Selectmen on the Board. At the organizational meeting G. Allen Holmes was elected chairman, Edward Johnson Vice-Chairman, and Kenneth Fredette, Secretary.

Regular meetings of the board are held the second Tuesday of each month at the Walpole Town Hall. The public is invited to attend all meetings. A representative of the board is also available to explain the duties and work of the board to interested groups. The news media have been most helpful in providing information of planning activities to the public.

Consideration of proposed sub-divisions of land continue to be a major activity of the board. A public hearing is held on all proposed sub-divisions after due notice of the hearing and notification of all abutters by certified mail.

After study and public hearings a revision was made in the Land Subdivision Control Regulations in April and July to ease the requirements of landowners in mapping and recording.

Clerical assistance to the board by Mrs. Walter Campbell has contributed to ease in handling business and keeping records.

Respectfully submitted,

REPORT OF FIRE DISTRICT COMMISSIONERS

The Commissioners would like to encourage your attendance at the annual District meeting at 8:00 P.M. Thursday, March 20, 1980 at the Town Hall. Please bring this Town Report with you.

During this year the side windows of the station and some of the door lites were blocked up to decrease heat loss and decrease the adverse effects of sunlight on the paint of the trucks. Since one of our major increases in expenses is in the cost of heating the station we feel that any method of reducing heat loss would have long term benefits.

Much discussion has centered on a new Fire House site with several possibilities having been suggested, however, no definite steps have been taken as yet. We plan to pursue this more in the next year.

The Fire Department and the Ambulance Corps have been engaged in a house numbering project for the Town with much progress turned in by many interested persons. The Commission has become involved in this project since there will be a need in the future for continual responsibility for keeping the system current.

The State of New Hampshire is promoting a new concept in Fire Service Personnel training. This concept is just getting started in this area and we have heard much speculation about its future effects on volunteer departments. Basically it is an attempt to require all firemen to be either school trained or to pass an exam for competency. As yet there are few specifics as to a timetable for compliance. We are pleased, however, to hear the attitude of many firemen to get started on a program of training that will qualify with these standards, thereby getting a head start on the process. We plan to keep informed on the progress of this program to gain every advantage possible for the department.

We wish to thank the members of the Fire Department, the officers of the District, and many interested citizens for making our District function so smoothly.

Respectfully submitted,
William J. Webb

WALPOLE FIRE DEPARTMENT

Dear Commissioners:

I would like to present my report for the year 1979.

We have a very active year, 72 calls in all. 34 calls in Walpole, 38 mutual aid calls.

Calls in town:

5 Building	7 Chimney	10 Auto
6 Miscellaneous	6 Calls for heat and smoke alarms	

The 10 auto calls include calls where the rescue truck was called for accidents.

Mutual Aid calls:

12 to Westminster	5 to Bellows Falls
6 to Putney	4 to Alstead
4 to North Walpole	2 to Saxton River
2 to Charlestown	1 to Westmoreland
1 to Claremont	1 to Springfield

During the past year, with Bingo funds, we rebuilt the tank truck. A new tank made of aluminum was built at Meleson in Keene. Several of the firemen worked on this, but much credit is due to Don Beam, Harry Boynton, Larry Roy who spent many, many hours working on this truck. We now have a very good tanker.

Also with Bingo funds we bought 2,000 ft. of 4 in. hose. This gives us about 5,000 ft. of 4 in. hose now.

I would like to see the District start a capital reserve fund of \$20,000 with year.

Respectfully submitted,
George Hurlburt, Sr.
Chief

WALPOLE SENIOR CITIZENS GROUP

The Walpole Senior Citizens Group has just completed its most successful year to date with a large increase in membership and attendance.

Meetings are held each Monday with a variety of programs. Also, we had four bus trips to the Flower Show, a Red Sox game, to see SHOW BOAT, and a shopping trip. The bowling group meets on Friday at Yankee Lanes in Keene. Transportation is by private cars.

We have enjoyed slides on many subjects. As a group we feel fortunate to have a Senior Citizens Center in our town which brings us together for these friendly, social activities.
